

Anatomy and physiology concepts are brought to life with Anatomy & Physiology Online for Patton: Structure & Function of the Body, 15th Edition. This dynamic online course is divided into 22 modules that correspond with key chapters in the main text. Each module includes a variety of interactive exercises and audio and visual elements ? such as animations, heart and lung sounds, games, quizzes, and more ? to help reinforce key anatomy and physiology concepts from the text. Itâ€™s a must-have A&P learning tool you donâ€™t want to be without. Over 300 interactive exercises include identification, image association, flash cards, and sequencing activities to help reinforce key concepts. Over 300 full-color illustrations, photographs, and micrographs of anatomic structures, physiologic concepts, and disease processes make learning more visual and engaging. Lesson self-assessment quizzes and module exams with feedback assess usersâ€™ understanding of the content. Learning objectives for each lesson lay the groundwork for the session. Complete glossary of terms features definitions and audio pronunciations to help users master key terms and concepts.
