

After a series of terrorist attacks on U.S. soil, a Marine uncovers a political conspiracy aimed at permanently closing the U.S./Mexican border and...deporting all citizens having Mexican lineage. U.S. Marine COLONEL CHAMBERS (40â€™s) has served his country in several conflicts around the world. He has bled for America and...he has spilled blood. After several years, he has finally returned to his beloved country and has been put in charge of a special program aimed at developing non-lethal weapons, including a sonar-type weapon, which uses sound waves to disable enemy troops. During a presentation of the weapon to a U.S. Congressional Committee, in Arizona, Chambers meets presidential hopeful, SENATOR TIMOTHY MUELLER (50â€™s), who is an advocate of the new weapon systems, as well as a staunch supporter of tighter control over the U.S./Mexico border. During the presentation and while conducting a training exercise, several MARINES encounter illegal immigrants, who have entered the U.S. A young Marine, SONNY MILLER (20â€™s) toys with a video camera, as the Marines wait for Border Patrol to arrive. At the same time, a young Marine, EDDIE TOLLER (20â€™s), stands at the front gate of the Marine base, waiting for his young wife and baby. At the same time, SADEED (20â€™s), a young Pakistan man, has already crossed the border and is meeting with some other Pakistan men. Just as the sonar-type weapon is activated, the Marines believe that they are being fired upon by the illegal immigrants. Eddie watches, in horror, as his wife and baby are hit by another car, killing them both. Sadeed tells the other Pakistanis that they have a mission to complete, in the U.S. In one quick moment, several Marines are killed, several illegal immigrants are killed, and the innocent wife and baby of a Marine are killed. Senator Mueller utilizes these events to call for an immediate closure of the U.S/Mexico Border and...to begin the deportation of all individuals having Mexican lineage. Chambers is assigned to serve on Senator Muellerâ€™s protection detail, where he soon discovers a wide reaching conspiracy, with the events that he saw unfold all having been planned by Senator Mueller and a group of other Americans. Chambers must now not only uncover the roots of the conspiracy, but also stop his beloved America from doing the unthinkable. **WARNING: THIS BOOK CONTAINS GRAPHIC VIOLENCE, PROFANITY, AND SEXUAL SITUATIONS.
