

Are you in position for God to reveal your destiny to you? Are you in position to receive your healing or for financial restoration to manifest in your life? To be in position is to be in a place occupied for a strategic purpose. Everything in life has a strategy-every vision, dream, desire, every goal and every feat. Often in an attempt to achieve our spiritual goals, we fail to analyze where we are and jump right in. It is not enough just to have knowledge of the promises of God. To be in position, we must activate the promises through the principles of God's word. No runner ever runs a race or even expects to qualify, much less, win, unless he positions himself. Positioning yourself is analyzing where you have been, where you are now and implementing a strategy of Godly principles to help you achieve your desired goals. Once you establish this plan, you must then walk faithfully in it. The race is not to the swift. It is to the person who endures to the end. People who endure to the end are principle people. God has a plan to position you to achieve the desires of your heart-spiritually, physically, emotionally, financially and in your relations. In this book you will discover the path you must take and the principles you must employ to discover your assignment. The journey awaits you, and the race must begin. In Position-Gods Plan your Path to Destiny will help you get on your mark, get set and receive all that God has for you.
