

This is the second of two books which introduce practical music making to pupils of all abilities who want to play the electronic keyboard. They demonstrate in easy stages the keyboard functions and introduce basic music theory at the same time, so that pupils can play the pieces of music provided at the end of each unit. Additional pieces to play are included at the end of Book 2. No previous musical knowledge is needed as the absolute beginner is given an easy step-by-step guide to playing music, resulting in sophisticated sounds in varied styles, from classical to pop.
