

Increasingly, counselors are practicing spiritual or complementary interventions. In balance, how counselors use such interventions is under closer examination by law. This effort to protect clients is embedded in ethical and legal principles, but rarely addressed in the mental health literature. This book will fill that gap by offering a clear understanding of the context of the law. Detailed case studies are given in each chapter as a centerpiece to the understanding, interpretation, and application of the laws. The author, with his unique qualifications in legal and spiritual areas, pays critical attention to the issues of culture throughout this resource that includes handy appendices of a legal glossary, abbreviations, literature review, and an exercise on how to find the law.

Postnatal Depression: The Essential Guide (Need2Know Books Book 80), 2005 Utah Manufacturers Directory, Hydraulic and pneumatic systems and maintenance, Whats Wrong?: The Fletcher Familys Picnic Puzzle, London (Richtig reisen) (German Edition),
