

Sex, money and murder rules the day in this American crime novel, set in the inner city. Streets Jamison is coming off of a 12 year bid in prison and he only has one plan: make enough money to get legit property and businesses, setting himself up to be his own boss. Streets knows property ownership is the fastest route to the American Dream, and he meant to be playing for keeps. Initially, if a few heads had to roll in the underworld, Streets figured, so be it. It took illicit activity to legitimize himself. With a heavyweight connect who he is on personal basis with and a ruthless band of cutt throats at his disposal, Streets begins his ascent to the top. It is while business is hitting on all cylanders and the hostile take-over nearing completion that Streets encounters Tammy Lawrence, a gregarious, breath takingly beautiful and highly intelligent babe that he immediately falls for. Tammy shows Streets, a hardened criminal, that there are positive routes that can be taken in life. Not only is Tammy gorgeous but she is also mentally stimulating for the witty Streets. Utilizing a lethal mix of brains and brawn, Streets monopolizes the local drug trade with an iron fist, those defiant falling to his sword, and the dirty money flows by the garbage bag, and with time, Streets begins cleaning it. When the real good living set in, Streets biggest foe has become his own ravenous thirst for absolute power. While riding high, Streets is sneakily infiltrated through misplaced loyalty, setting Streets into a violent rage that threatens to fall his now immense empire. Streets will do anything to stay snug at the mountaintop...ANYTHING. Even if the same disloyalty that once opposed him, BECOMES him, as Streets embarks head on through a world of ultimate betrayal and greed inspired sin. Only the strong will survive, and Streets Jamison is determined to make that him...BY ALL COSTS.
