

Have you ever wondered what ascension really is, and how you can achieve it? This book cuts through the hype to offer a New Consciousness approach, because the path taken by past Ascended Masters has changed and we need new teachings to take us beyond the old paradigms. Within these pages you will learn how to align with your Soul's choice to ascend and how to bypass the many distractions that keep you from discovering the God within. You will also learn simple tools that can bring about profound transformation, and you will come to know that you already have the answers within you. "What I love most about this book is the beautiful reminder of how amazing we are and how simple life can be if we get out of our own way." Pamela H.
