

“Unpredictable and amusing and informative and original, cavorting between biology, history, travel writing, and memoir.” Mark Kurlansky’s *The Whale* by Philip Hoare is a enthralling and eye-opening literary leviathan swimming in similar bestselling waters as *Cod* and *The Secret Life of Lobsters*. Winner of the BBC Samuel Johnson Prize for Nonfiction, *The Whale* is a lively travelogue through the history, literature, and lore of the king of the sea—the remarkable mammals that we human beings have long been fascinated with, from *Moby Dick* to *Free Willy*. Bestselling author and naturalist Bernd Heinrich calls it, “a moving and extraordinary book,” and Hoare’s sparkling account of swimming with these incredible behemoths will delight whale and wildlife aficionados, lovers of the sea and sea stories, as well as the socially and environmentally conscious reader.
